MEMORANDUM FOR: Office of External Affairs

FROM:

[Redacted]

25X1

Chairman, Travel Policy Committee

SUBJECT:

Proposed Revision of

[Redacted]

25X1

Attached is subject proposal to provide in Agency regulations certain benefits authorized the Foreign Service for medical evacuation travel, to include travel for dental treatment that cannot be deferred and travel by non-attendant family members incapable of self care, together with copies of an explanatory statement and an approval sheet signed by the Agency Travel Policy Committee. Please submit this proposal to the appropriate Congressional oversight committees for their required review and advise the results in our established procedure.

1. The Foreign Service Act of 1980, Section 901(5) authorizes medical travel while abroad for necessary treatment of a "medical condition" as well as travel by certain non-attendant family members. Following the rules being applied to Foreign Service personnel of the Department of State the Agency intends to allow medical travel for dental treatment that cannot be postponed until the end of a tour as well as for travel by such as infants or young dependents incapable of self care if left behind at post. The adoption of these benefits for Agency personnel will achieve equity with the 25X1 Foreign Service and the costs have been planned for through the appropriate budgetary process.

2. Attached are copies of the Agency's travel regulation covering these benefits.
